NOTE

1813

This 1930 address register has been compiled in place of the regular decennial register which, as a general catalog of officers and alumnae of Vassar College, was first issued in 1880. Because of the cost of publishing a biographical register and because the material exists in permanent form in the Biographical Records File in Alumnae Office, the Directors authorized the publication for 1930 of the less expensive address register, believing that the material thus available would meet the needs of the majority of the alumnae.

In the fall of 1929 a questionnaire compiled by the Biographical Records Committee was sent to every alumna and to all former students who are members of the Associate Alumnae. The information concerning name and address on the returned questionnaires is embodied in this register. Of the 7775 questionnaires sent out over 6325, or 81%, have been returned. The Committee and the Directors wish to thank the alumnae for this splendid coöperation.

The general form of previous registers has been followed. The names and addresses of living alumnae from 1867 to 1930 are contained in an alphabetical list and also in a geographical grouping. The names of non-graduates who are members of the Association appear separately in an alphabetical list and in the necrology but are included with the graduates in the geographical list. It is hoped that in the near future the records of Alumnae Office concerning non-graduates, now incomplete, may be made much fuller, and any information on this subject will be gladly received. This year, for the first time since 1923, a list of graduates by classes has been included.

Cross-references from maiden to married name and vice versa are given in the alphabetical list and necrology. In the class list the entry is under the maiden name with the married name in parenthesis. In the geographical list the married alumna appears only under her married name. The address, where the alumna is married, follows the married name in the alphabetical list.

In all the lists, except the class list, the date of graduation appears after the name. Where two dates are given the first refers to the class with which the alumna entered and the second is the year in which she received her degree.

Those who have compiled the register know that, in spite of all their care, errors and omissions have crept in. For many alumnae the office has no recent or accurate address. Changes have come in constantly since the book went to press. The Alumnae Office will welcome all corrections, additions, notices of marriages and deaths—all information which will enable it to keep abreast of an ever-changing alumnae body.
